

Accessibility statement for the website for private entities referred to in Article 3 paragraph 1 of law January 9 2004, no. 4

Declaration

Flashpoint Srl undertakes to make its website accessible, in accordance with law 9 January 2004, no. 4. This accessibility statement applies to: <https://www.flashpointsrl.com/>

Compliance status:

Partially compliant

This website is partially compliant with the requirements set out in Appendix A of the UNI CEI EN 301549 standard due to the non-compliance cases listed below.

Non-accessible content

The content listed below is not accessible due to non-compliance with the law 9 January 2004, no.4:

- C.9.1.1.1 – Not all non-text content presented to the user has a text alternative that performs the same function.
- C.9.1.4.3 – The visual representation of text and of images containing text does not always have the minimum contrast ratio required, except for exceptions provided in the regulations (for example, logos).
- C.9.1.4.4 – Some text, except for subtitles and images containing text, cannot be resized up to 200 percent without using assistive technologies and without loss of content and functionality.
- C.9.1.4.11 – For some essential components, even in different states, the colour contrast with respect to adjacent elements does not exceed a ratio of 3:1.
- C.9.2.2.2 – Some animations, flashes, scrolling or auto-updates of information started automatically, lasting more than five seconds or presented in parallel with other content, do not have mechanisms to stop or hide them.
- C.9.2.4.1 – There is no mechanism to skip blocks of content that repeat across sections.
- C.9.2.4.3 – In some sections that can be navigated sequentially and where the navigation sequence affects their meaning and function, some objects that could receive focus do not receive it in an order that preserves meaning and operability.
- C.9.2.4.4 – The purpose of some links cannot be determined from the link text or from the link text together with adjacent content.
- C.9.2.4.7 – On some interactive elements, the focus indicator is not visible.
- C.9.3.3.2 – In some cases labels or instructions are not provided when the content requires input actions from the user.
- C.9.4.1.2 – In some cases the user interface components (including form elements, links and components generated by scripts), name, role, states, properties and values are not correct or set, or the user and their assistive technologies are not notified when these change.
